

Stationary Hardtop Storage Rack.

Made with 2" x 2" pine. Requires approx 2' x 6' area for adequate storage.

Rack secured to wall-baseboard with nails (or use screws).

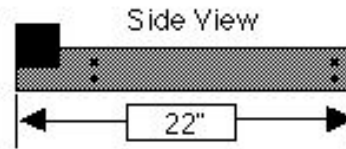

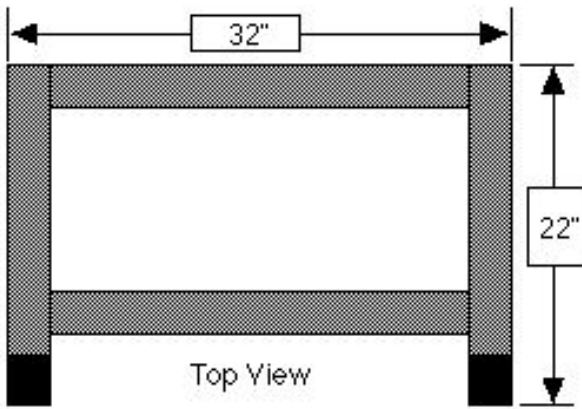

Rest hardtop against board approx. three feet in length secured to wall at top of hardtop,

covered with carpeting (or any cushioning material).

Two eye hooks attached to wall and then a bungee cord secures top from tipping forward.

Cover with sheet to keep off dust.

Not to scale

3" end pieces (shown in black) covered with carpeting
